

Name \_\_\_\_\_ Class \_\_\_\_\_ Date \_\_\_\_\_

1 Identify the **quadrilateral**:

- A square
- B rectangle
- C rhombus
- D trapezoid

2 Identify the **quadrilateral**:

- A square
- B rectangle
- C rhombus
- D trapezoid

3 Identify the **quadrilateral**:

- A square
- B rectangle
- C rhombus
- D trapezoid

4 Identify the **quadrilateral**:

- A square
- B rectangle
- C rhombus
- D trapezoid

7

Which is **not** a property of a **rhombus**?

- A all angles are equal size
- B opposite sides are the same length
- C opposite sides are parallel
- D opposite angles are equal

8

Which is **not** a property of a **trapezoid**?

- A all angles are equal size
- B opposite sides are the same length
- C opposite sides are parallel
- D opposite angles are not equal

9 Which is **not** a property of a **rhombus**?

- A all angles are equal size
- B opposite sides are the same length
- C opposite sides are parallel
- D no angles are right angles

10 Which is **not** a property of a **trapezoid**?

- A all angles are equal size
- B no angles are right angles
- C one pair of parallel sides
- D opposite angles are equal

## ANSWER KEY

Identify the **quadrilateral**:

- A square
- B rectangle
- C rhombus
- D trapezoid

(b)

Identify the **quadrilateral**:

- A square
- B rectangle
- C rhombus
- D trapezoid

(c)

Identify the **quadrilateral**:

- A square
- B rectangle
- C rhombus
- D trapezoid

(d)

Identify the **quadrilateral**:

- A square
- B rectangle
- C rhombus
- D trapezoid

(a)
