

Name _____ Class _____ Date _____

1 A **process** where one cell forms **two identical daughter cells** is called _____.

- A cell cycle
- B cell division (mitosis)
- C interphase
- D cytokinesis

3 How many **stages** of the **cell cycle** are there?

- A 3
- B 4
- C 5
- D 6

2 The **cell cycle** is _____.

- A the process of cells circling throughout the body
- B the process of splitting the organelles
- C a process where one cell gets energy
- D the sequence of stages of growth and division that a cell undergoes

4 **Interphase** is the **first stage** of the cell cycle.

- A true
- B false

8 **the cell forms 2 identical cells**
the cell produces 2 sets of organelles
the cell continues to complete the same function

- B in the nucleus
- C in the ribosome
- D in the chromatin

9 After **interphase** is completed the cell moves into the **next stage** of the cell cycle called _____.

- A anaphase
- B cytokinesis
- C metaphase
- D mitosis

10 **Mitosis** is made up of how many **phases**?

- A 4
- B 5
- C 6
- D 7

ANSWER KEY

A **process** where one cell forms **two identical daughter cells** is called _____.

- A** cell cycle
- B** cell division (mitosis)
- C** interphase
- D** cytokinesis

(b)

The **cell cycle** is _____.

- A** the process of cells circling throughout the body
- B** the process of splitting the organelles
- C** a process where one cell gets energy
- D** the sequence of stages of growth and division that a cell undergoes

(d)

How many **stages** of the **cell cycle** are there?

- A** 3
- B** 4
- C** 5
- D** 6

(a)

Interphase is the **first stage** of the cell cycle.

- A** true
- B** false

(a)

D
A
E
C
D

- C** the cell produces 2 sets of organelles
- D** the cell continues to complete the same function

- C** in the ribosome
- D** in the chromatin

After **interphase** is completed the cell moves into the **next stage** of the cell cycle called _____.

- A** anaphase
- B** cytokinesis
- C** metaphase
- D** mitosis

(d)

Mitosis is made up of how many **phases**?

- A** 4
- B** 5
- C** 6
- D** 7

(a)
