greenhouse gas production.

True or false?

- A true
- B false

9 **Greenhouse gases** help to _____.

- A spin
- B move
- C keep the cool
- D keep the sun's heat near the Earth

10 **Glacial erosion** occurs in two ways, **abrasion** and _____.

- A screening
- B transferring
- C sedimenting
- D plucking

ANSWER KEY

The issue of **global warming** has been **controversial** in the political arena; not everyone agrees that this environmental change is normal.

True or false?

- A true
- B false

(a)

The main **cause** of the **greenhouse effect** is **increased levels of** _____.

- A water vapor
- B acid rain
- C carbon dioxide
- D deforestation

(c)

The use of CFC's has contributed to the **depletion of ozone** in the Earth's atmosphere and the formation of the **ozone hole**.

True or false?

- A true
- B false

(a)

Many **fossil fuels** are considered a natural, or **nonrenewable resource**.

True or false?

- A true
- B false

(a)
