

Name _____ Class _____ Date _____

Counting Carrie loves to read. Some people say she likes reading more than counting as she is most often found in a corner with her head in a book. She reads a large variety of books.

1. Work out how many books of each kind she has read in the past month using the clues below:

- Carrie read 7 more mystery books than comics.
- The number of comics she read was 3 more than the number of fairytales.
- Carrie read 6 times as many mystery stories as non-fiction stories.
- She read 1 more science book than the total number of fairytales.
- Half of the total number of books Carrie read were mystery stories.
- Carrie read a total of 17 mystery and comic books.
