

Name _____ Class _____ Date _____

- Mrs. Number decided to make a fantastic fruit salad with fruit from Farmer Frank's orchard. She had 5 oranges, 4 pears, 20 strawberries, 6 apples, 5 bananas, and 20 cherries.

She cut each orange into eight pieces and then each piece in half.

She cut each pear into quarters and then each quarter in half.

She cut each strawberry in half.

She cut each apple into quarters and then each quarter into four.

She sliced each banana into ten slices.

She removed the pit from the cherries by cutting them in two.

How many pieces of fruit were in Mrs. Number's fruit salad?

- You are making Mrs. Number a Giant Fruit Sundae to thank her for the salad. You want to use at least 30 pieces of fruit without wastage, and using the same
