

TEXT FEATURES

What are Text Features?

The elements of a textbook that are useful in helping to understand the content of the book are called the **text features**.

Examples:

An effective reader uses the **text features** to **preview** the textbook before beginning to read:

- The **title page** contains the title of the book, the author, the publisher, and the place where the book was published.
- The **copyright page** contains the date when the book was first published, and the dates of any revisions.
- The **glossary** contains the definitions of words from the textbook.
- The **table of contents** lists the **chapter(s)** of the book.

Other text features include the **photograph(s)**, the **table**
