

STORY PROBLEMS

What are Story Problems?

- Story problems are a set of sentences that give you the information to a problem that you need to solve.
- With a story problem, it is your job to figure out whether you will use addition or subtraction to solve the problem.

How to Solve Story Problems:

- When solving story problems, it is best to look at the words that are being used. These **words will give you clues** to whether you will need to use addition or subtraction to solve the problem.

	Add	Subtract
