

ADDING AND SUBTRACTING FRACTIONS

When adding two fractions with like denominators:

- **ADD** the **numerators**
- Keep the **denominators** the **SAME**.

Example:

An illustration showing a row of 14 diverse children standing on a green grassy field. Above them are four thought bubbles containing various educational icons: a cube, a microscope, a protractor, a globe, a chemistry flask, a globe, a pencil, a bar chart, a pie chart, a bar chart, a bar chart, a bar chart, a bar chart, and a bar chart. The word "PREVIEW" is written in large, bold, blue and orange letters across the middle of the illustration. Below it, the text "Please Sign In or Sign Up to download the printable version of this worksheet" is written in a dark blue font.
