

Name _____

Date _____

Shapes that **tessellate** fit together without gaps.

YOU NEED:

- shape blocks
- paper

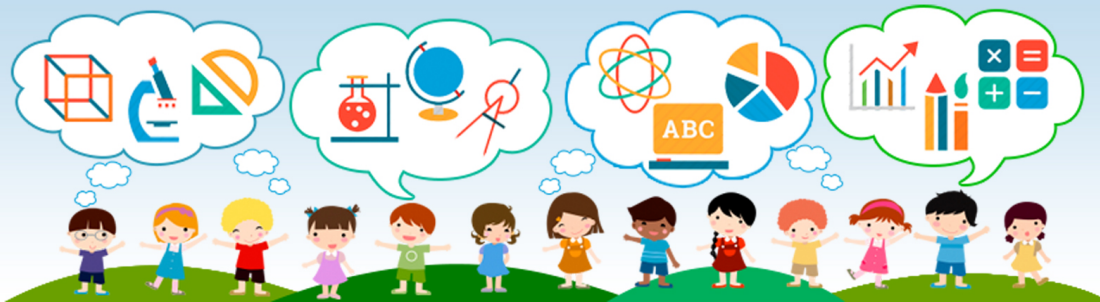

Does a rectangle tessellate? You can find out by tracing a rectangle, sliding it to a new place and then tracing it again.

Which shapes tessellate? Trace and slide each shape on the paper to see if it fits together without gaps.

These shapes **tessellate**.

These shapes do not **tessellate**.
