7 \_\_\_\_\_ of freshwater.

- A lake
- B ocean
- C brook
- D puddle

body of water's temperature is often nearly the same at the top and bottom and **changes with air temperature**.

- A valley
- B ocean
- C lake
- D pond

9 \_\_\_\_\_ ocean life lives near the **ocean's surface** because the water there is warm, sunny, and moves constantly.

- A Most
- B Some
- C Few
- D Not much

10 In the **deeper** parts of the **ocean**, there is \_\_\_\_\_, which means **no plants can grow** there, the water is colder, and few organisms live there.

- A always sunlight
- B no sunlight
- C plenty of ice
- D always warm temperatures
